second-hand textbook trading system
when you receive the new booklists:

• Register if you are not already registered on the Sustainable School Shop
• Login & click the ‘Textbook Trading System’ button in the Navbar to begin
• List all your Wanted & For Sale Ads (Browsers tell each other what they require and what they have to sell)
• Your school’s Booklists are loaded into the system to make the ad listing process easy and accurate
• The system matches the ads of Buyers and Sellers
• Notifies the Buyer (Wanted Ad) via email of the Ad Matches
• Buyers contact sellers and arrange where and when to trade
• Most contact sellers and arrange where and when to trade
• Excellent telephone and email help-lines are provided

For great results:

• List your ads soon after receiving the new booklists
• Check your emails regularly for ad match emails
• There are 2 types of Ad Match emails:
  • **Exact Match email:** means it is the correct book from another parent from your school, matched on ISBN and school
  • **Close Match email:** means it could be the correct book from your school or another nearby school
  • You will continue to receive Ad Match emails while your Wanted ads are listed. Over a little time you will see which parent has the most books you need
• Note: Manually searching does not provide best outcomes – often items are listed and sold between searching sessions and are never seen
